IAIS Bridging the Gap

Indus Altum International School conducted a 7-day Bridge Course for students of EY to Grade 8, from July 1 to July 9, 2021.

Objective 1-

To provide a platform for learners to connect with their teachers and familiarize themselves with the Indus Altum experience.

Objective 2 -

To understand learners’ baseline in skills such as communication, collaboration, research, analysis, evaluation, and reflection. Since Indus Altum believes in experiential learning and applying concepts in the real world, all the classes focused on the relevance of conceptual understanding. The sessions were facilitated by the respective subject teachers who conducted various activities with approaches such as visible thinking, active learning, and collaborative intelligence.

This two-day camp was led by the Director - Indus School of Leadership, Lt Col Sathya Rao (Retd.), Captain Supriya Patil, Captain Mohit, and Major Deepak along with other ISL team members. The camp covered two modules- Adaptability and Team of Teams, over a span of 2 days.

Indus StartupYou Design Thinking Workshop

The stages of DTP

The framework

Indus StartupYou organized Design Thinking sessions on 25th June and 24th July 2021 exclusively for Indus Altum International School and Indus Altum Early Learning Centre. Ms. Merlyn Fernandes, Ms. Monica Khanna, and Ms. Prasanna Peri led the session.

The main focus of the DTP session was - Empathizing and Defining the problem on 25th June and Ideation, Prototyping and testing on 24th July.

Indus Altum thanks StartupYou and Ms. Preeti Prabhu for these enriching sessions.

PARENT ORIENTATION AND CRM DAY

The parent orientation and Curriculum Road Map session for IAIS began with the Founder-Principal Dr. Praseedha Sreekumar, taking the parents through the school's vision and mission, along with understanding the purpose of education at Indus Altum. The event was graced by the presence of Lt Col. Sathya Rao (Retd) Director Indus School of Leadership who also shared the details regarding the nature of ISL camps.

The Indus Altum's official partnering with parents started on this day.

THE INDUS ALTUM BOOKMARK

With *Die Empty*, Todd Henry has given the readers a call-to-action. The book is a big reminder that someday, we will die! Thus begins the book with some useful tools to help us discover our vision and our goals.

This book teaches us a great deal about the ABCs of mediocrity that include our "comfort zone". Henry believes that we do the world a great disfavor when we don't push ourselves beyond the limits to take on new and challenging tasks. The book talks about growth as a "daily and disciplined action" - Henry believes that it is imperative to grow our skills and develop our mind to boldly venture into the unknown.

So, how do we escape our comfort zone? Henry breaks this process down for us, by suggesting that we create goals in steps, sprints, and stretches.

Die Empty is a must-read for anyone who is willing to not settle for anything less than their very best work and best version everyday.
